Typical use

Metal Handling · Automotive

Before you commit

| | |
|---|---|
| Send with the enquiry | Model code or this data sheet, quantity, size ratio, destination port, artwork and any label standard. |
| Documents on request | Business licence, factory audit summary, batch test report for the model you order, export records with buyer details redacted. |
| Sampling terms | Counter-samples in 3–5 days on stock models; sample cost credited against the bulk order. |

Specifications are indicative and confirmed against the approved sample before bulk production. Cold and cut ratings are measured per production batch; the report that ships with your order states the measured values for that batch.
